

TEAM BADGES

Design your own

- 1** Firstly get creative! All designs need to be square and large. If you don't already have a badge for your team there are a variety of websites where you can create one for free. Here's one to get you started:
www.designevo.com/logo-maker
- 2** Save your new design as your team name and email the JPEG to us using the contact details at the base of the form.
- 3** Remember the sooner you send your design in, the sooner you will be able to see it on the site.

Go to rockslane.co.uk to see your logo live on the league page!
